Above, all on the 10th floor, you have the amazing Skyybar with its great overlooking view over the city Amsterdam. This bar is made possible by SKYY Vodka one of the fastest-growing brands in the industry.

When you wish to relax in between, you can swing by the Fashion Hotel's Wellness centre. It provides us two sauna's, indoor swimming pool, Turkish steam bad, solarium and a fitness room, to get the peace we need.

Special thanks to WestCord Fashion Hotel management, who was so generous to let us make use of their space. This made our "Death of Amy Winehouse" editorial possible. Also, many thanks to the team of Westcord Fashion Hotel for their hospitality.

# ZARB CHAMPAGNE

By: Nagiib Silver

That the French are experts in champagne has been proven again by the family Baron with their new champagne called "Zarb". The name Zarb stands for bizarre and is derived from the French street language.

Champagne is mostly kept for the special moments in life, but why should we wait when we can enjoy a Zarb champagne every day? With its small price it is easier to say: "Yes!" to that luxury.

The most extraordinary thing about Zarb champagne is its special design bottles from the designer Cornelia Tollens. Cornelia Tollens made use of a sensual and intense design of human parts, for the jacket of Zarb champagne.

Zarb champagne is launched in the last week of November 2009 and will be available half December 2009 on their website [www.zarbchampagne.com](http://www.zarbchampagne.com) and in some stores in the Netherlands.
